

Saturday Examen (26 March)

Take a moment or two to recognise that God is with you, here and now, wherever you are.

Taking the long view, how have these five weeks of Lent been for you? Pick out a highlight to thank God for.

Now look at the last week in particular. When and where were you most aware of God's presence?

And what was God saying to you, offering you, or challenging you to do or be in that moment?

As you look forward to accompanying Jesus in his Passion in the coming week, what do you want to say to him?
